The directions of the conference:

1. Health as a research subject of philosophy, sociology, psychology, education and medicine.
2. Medical and biological aspects of the restoration, preservation, strengthening and development of human health.
3. Educational aspects of preservation, strengthening, development and restoration of human health.
4. Prevention of infectious and non-infectious diseases. Preventive treatment of anti-social behaviour.
5. Public Health.

Conference languages: Ukrainian, Polish, English and Russian.

The program of the conference includes plenary and breakout sessions, discussion of reports, workshops and guided tours.

The plenary lectures devoted to generalization of results of scientific and educational groups and strategic directions for further research (up to 30 min.).

Section reports on the results of individual and group research (up to 15 min.).

Poster reports (A-1 format) on the results of individual studies.

Workshops on the matters of current interest of the conference topics (up to 45 minutes).

Conditions of participation in the conference: before September 1, 2017 send an application to the e-mail **med.frsm.sumdu@gmail.com** with the subject of the report (sample enclosed) and thesis/article.

Travelling, accommodation and food are at the expense of participants' organizations.

It is planned to publish the conference materials. **A printing of the conference materials is free of charge.** The conference materials will include abstracts and articles on directions of work. The decision on the printing of the materials will be reported to the author(s) within three days after their receiving.

After reviewing the best articles of medical and biological direction will be published in the Journal of Clinical and Experimental Medical Research (JC&EMR) of SSU (article submission guidelines: http://med.sumdu.edu.ua/images/Science/Requests/instructions_for_authors-UA.pdf)

After reviewing the best articles of psychological and pedagogical direction will be selected for the publication in the magazine "Ridna shkola" (article submission guidelines are according to the requirements of the State accreditation commission of Ukraine). The decision to print materials in the journals will be announced to the authors additionally.
